

Chapter 16.34 APPENDIX 3 WASATCH COUNTY TRAIL STANDARDS AND DESIGN GUIDELINES.

Section 16.34.01 Purpose.

As noted in the Wasatch County General Plan, our goal is to: Develop and incorporate a public non-motorized trail system into the future and existing infrastructure of Wasatch County to provide safe transportation and recreation facilities, compatible with the rural and mountainous environments of Wasatch County.

These trail standards have been implemented to accomplish the following:

- (1) Create a seamless and consistent trail network.
- (2) Improve the opportunity for alternative transportation.
- (3) Provide safe facilities for all users.
- (4) Enhance recreation opportunities for both residents and visitors.
- (5) Create design and construction standards for trails in Wasatch County.
